

Too Much on My Mind

Jovany Morisset

“This image shows how you can feel when you have too much on your mind. It’s hard to find peace when it feels like the universe is spinning out of control.” Jovany Morisset began his journey at Norwich Regional Adult Education in 2017 in the ESL program. He is presently taking classes to earn his high school diploma. Born and raised in Haiti, Jovany has always had a passion for drawing. His cartoon art is inspired by his observations of people’s actions and emotions.
